

WOOD PROCESSING MACHINERY-INTERMOB FAIRS IS BECOMING MORE ASSERTIVE WITH THEIR EXPANDING CONTENTS AND INNOVATIONS

29th Wood Processing Machines, Cutting Tools, Hand Tools Fair and 19th International Furniture Side Industry, Accessories, Forestry Products and Wood Technology Fair are coming with innovations between the dates October 22-26 2016. In order to support their exhibitors to present their brands and products not only at the fair dates, but also whole year; those two pioneer fairs are getting ready to break ground at the sector with their renewed websites, improved social media accounts and the brand new special mattress manufacturing subsidiary equipment section; ProMatt.

Our Websites are becoming more comprehensive

In order to get contact with our visitors and exhibitors more efficiently, to get in touch with them perpetually and to give the maximum contribution for helping them to present their brands and products; our websites are being restored with respect to user friendliness, attractiveness and efficiency. With the websites which are empowered with a faster interface and and better usage functions, your communication and cooperation will not be limited with the fair dates. You will be able to benefit from the advantages of the fair for the whole year. Here are our websites:
