

Press Release

February 2023

Preparing to open its doors for the 36th time, WoodTech Fair continues on its way with even more strength!

WoodTech Fair, which has maintained its success of being the biggest specialized fair of the sector in Turkey and in Eurasia for 36 years, will take place at Tüyap Fair and Congress Center in Istanbul on October 19-23, 2023.

Organized in cooperation of Woodworking Machinery Industrialists Association (AIMSAD) and European Federation of Woodworking Machinery Manufacturers (EUMABOIS), WoodTech Fair will welcome its visitors on 19-23 October 2023 at Tüyap Fair and Congress Center. During the fair, woodworking, surface treatment machinery, hand tools, machine equipment, woodworking software solutions, machines for the forest industry will be exhibited together; and the fair will bring together the major and powerful players of the industry.

Focusing on wood, forest products and technologies, WoodTech was visited by 60 thousand people in 2022, 12 thousand of whom were visitors from abroad; and the fair will be held for the 36th time this year. Bringing together the right manufacturers and suppliers with the right buyers, especially from the Middle East, Balkans, North Africa, Central Asia and Eastern Europe regions, WoodTech stands out as the international business platform of all companies that want to increase their exports and explore new markets.

Reed Tüyap General Manager Berkan Öner underlined that the WoodTech Fair, the biggest meeting of the woodworking industry, is the industry's most powerful and well-established business platform, and said, "Growing steadily for 36 years, the WoodTech Fair has achieved the success of being the biggest international fair of Turkey and Eurasia in this field, and will continue to serve to increase the efficiency of our industry in foreign markets and develop its trade volume with the support of the leading representatives of the sector, the unifying power of AIMSAD and the support of the media organizations. The participants and visitors will have the opportunity to closely observe innovative products, hardware and software solutions for woodworking technologies during our fair this year as well."

International trade is at this fair!

Organized for 36 years, WoodTech brings the latest technology woodworking technologies and sectoral innovations together with the visitors of the fair as the center of international trade.

Continuing to expand its marketing network each year to bring new export markets to the sector, WoodTech Fair will continue to host important business contacts between 19-23 October 2023 and to be an effective trade platform for those who want to expand their businesses to other countries.
