## **WoodTech, the International Woodworking Machinery, Cutting Tools and Hand Tools Fair, opens in 10 halls this year!**

WoodTech, the largest specialized fair of the wood processing machinery industry in Eurasia, is preparing to open its doors for the 36th time at the Tüyap Fair and Congress Center in Istanbul on October 19-23, 2023. Turkish and international leading companies of the woodworking industry have taken their places at the fair, which will be held in 10 halls this year.

WoodTech, which was held simultaneously with Intermob, the furniture supplier industry fair until 2022, is being held on its own dates starting from this year. The fair, which has grown 35% compared to 2022, will open its doors to its visitors in 10 halls.

Organized by RX Tüyap in cooperation with Turkish Woodworking Machinery Industrialists Association (AIMSAD) and European Federation of Woodworking Machinery Manufacturers (EUMABOIS), WoodTech Fair, serving the woodworking sector for 36 years, is preparing to welcome its visitors on October 19-23, 2023 at Tüyap Fair and Congress Center.

Organized with the international experience of RX Tüyap and the industry doyen and unifying power of AIMSAD, the fair will showcase Wood Cutting, Wood Processing and CNC Machines, Electrical and Mechanical Hand Tools, Cutting Tools, Basic Services that increase Wood Technology Experience, Support Systems and Complementary Products under the same roof. Hosting the leading companies of the sector from Türkiye and abroad, the fair will take place with the participation of more than 250 companies and company representatives.

### **Discover the latest trends of the industry**

WoodTech Fair, preferred by woodworking industry professionals to discover the latest trends, see the latest technologies and contact top suppliers, has become the most important platform in the woodworking field of Eurasia. In its 36th year, the fair aims to meet all the expectations in the sector with a wide scope where it brings together the important components of the woodworking technologies sector. Visitors from over 70 countries including Eurasian countries being the ones around the Middle East countries, the Balkans, North Africa, Russia, as well as UAE, USA, England, Poland, Italy, France, Spain, Israel, Serbia, Jordan, Lebanon, Algeria, Tunisia and Morocco have already registered to visit the show. At

the end of this show, it is aimed that thousands of visitors from over 120 countries will be hosted at the WoodTech Fair in Istanbul.

### **Exports to 150 countries**

Exporting \$152 million worth of goods by the end of 2022, the Turkish wood processing machinery industry, drawing the attention of the entire globe with its repertoire of state-of-the-art machinery, has once again surpassed its previous record. The industry exported goods to 150 countries throughout the year with 45 of these buying goods/supplies worth \$1 million or above. WoodTech Fair will open its doors once again on October 19-23 to serve the industry as a showcase of this huge business volume.
